To: **Regional Watershed Stakeholders**

From: **Lester A. Snow**
Executive Director

Subject: **CALFED Watershed Management Program**
Regional Stakeholder Meetings

We are holding meetings to receive direction regarding the Draft CALFED Watershed Management Strategy. The Draft CALFED Watershed Management Strategy was developed to coordinate widely separated, locally implemented watershed management efforts related to the CALFED objectives and goals. It is our intent to refine the strategy through a comprehensive program involving interagency cooperation between CALFED agencies, local governments, watershed councils, stakeholders, and local communities. We intend to make a presentation on the strategy at the meetings.

Because of the number of parties interested in participating in this process and their geographic diversity, two meetings will be held (map is attached). The agenda for both meetings will be the same so that you do not need to attend both meetings.
